

The Extractables and Leachables Safety Information Exchange (ELSIE) Supplier Forum

Purpose

Provide a venue for ELSIE and Suppliers Forum members to meet and collaborate on various topics and initiatives related to Extractables and Leachables. Provides suppliers an opportunity to work and collaborate with ELSIE members under the umbrella of the Consortium.

Goals

- Forum for knowledge sharing and collaborations with industry peers
- Coordinated and shared engagement with Regulatory Agencies and other organizations

Supplier Forum Member Benefits

- Opportunities to collaborate directly with ELSIE members through participation in ELSIE Working Groups and Workshops
- Access to the ELSIE web-collaboration portal and file site, ELSIE-Connect
- Joint publications, white-papers, press releases, webinars, workshops, and conference presentations
- Up to Three (3) reports from the ELSIE Safety Information Database
- Environment designed and monitored for legal and antitrust compliance through ELSIE Secretariat

Membership Information

Eligibility: Membership is open to any Company that is a manufacturer of materials or components for drug product container closure systems, packaging, or manufacturing systems. Not-for-profit institutions and organizations are not eligible for membership in the Supplier Forum.

Membership Fee (Annual): \$5,000 USD
